### NOTE

During the years since the **Synoptical History ... as of December 31, 1960** was published on October 15, 1962, the record a of additional companies have been found in CN custody. Whenever it was deemed advisable to forward such records to the Public Archives of Canada, the CN Archivist has prepared a draft account from the extant records roughly following the pattern used by Kearney in the Synoptical History. The records of other companies than those discussed in the drafts below, were of course, located. However, with the release of the Archivist on January 31, 1966 it seemed advisable to make those accounts already prepared available in more than the present single copy. The Archivist had undertaken, at the instance of the Assistant Comptroller, early in his assignment, to keep the record of corrections and additions to the 1962 edition of the Synoptical History. A carefully marked copy of the 1962 edition has be on turned over to the Assistant Comptroller, along with a few copies of the sketches involving some 23 companies here presented.

John Andreassen  
Archivist
